

## Information for Foreign Customers

Recently the number of foreign customers getting injured has increased.

If you do not have Japanese health insurance, please pay close attention to the following points to avoid any confusion if you need medical care.

- You must have a photo ID. (Passport)
- You must pay your medical fees in cash. (Credit card is also acceptable) Please pay the full amount, at the hospital, on the day of your visit.
- Your diagnosis form will be issued within 1~2 weeks.  
Please note that your diagnosis form will be mailed to you on a later day.
- If an operation is necessary, the medical expenses may go up depending on the medical treatments applied.
- If you do not have accident/travelers insurance, we recommend that you fill out the Fujimi Panorama Resort MTB Safety Club and Injury Insurance form.
- If you require treatment at the hospital, you will need a letter of referral from the Patrol.  
Please inquire with the Patrol Office.

**Be careful to avoid injuries and have a nice, safe run.**
